Hi Jim,

Thank you.

Your email only asks for a shareholders list.

We can send you a shareholder list CSV format similar to your example.
What historical date are you referring to?

Please advise.

Thank you.

Hi Gerta,

Nice to meet you! I've attached a sample of how we need data to be organized. Also, we would like two separate files. In one file we would like the current shareholder data, and in a second one, the historical data.

If you have any questions or concerns, please reply via return email OR you can call me at 416-769-3186

Hi Greta

I'll try again - historical data - all of the transaction history in your system. Also, if there are transaction-related documents in either paper or digital format, we OR the client should have those.

I can be reached at 416-769-3186 if you think it would be easier to talk this through.

hi Geeta,

just a thought on this. if you are winding down operations, then we will need to have some sort of history, in case the question gets asked in the future.

i understand it might not be required on the changing of transfer agent, but as you are closing down how will that history be preserved?

We have received the request and is currently working on it.

We have the shareholder list in an electronic Excel file and hardcopy

The certificate master files are only in hard-copy.

Do you want us to courier these to you or would you prefer getting them via email?

Please advise.

We are awaiting the finals from Brian and then send everything over to you.

However, Tiger International has not been trading for several years now. We have notified CDS that Tiger is moving from us but they have been dormant. I've told CDS that Tiger is in the process of being reinstated and have not given them any particulars, because we have none.

Hi Jim,

Please see my notes below:

- TA Agreement is missing
- Missing KYC's & 2 Pieces of ID for all Directors / Officers
- Reminder that 1 must be Photo ID and the other must contain their current residential address that matches the KYC
- Missing all company documents such as Articles of Incorporation, Bylaws, all Corporate Changes filed with the registry
- Shareholders List
- Excel received isn't very detailed, there are no details on restrictions or breakdown of amount of physical certificates / DRS's held for each shareholder, this just lists the shareholders name, address and total shares held. We would need a detailed shareholders list with a breakdown of each certificate / DRS held by each shareholder and it would need to detail which are physical certs and which are DRS. We would also need the certified list in PDF from the previous TA.
- Need to know what the different numbers/letters mean in the COMPANY column
- Need to know what the COUNTER column is for
- Missing the ISIN & CUSIP document issued by CDS (if applicable)

I looked for these items in their folder in the SF but the only thing I found was the CSE termination letter from Odyssey.

Hi Brian and John

This is what we still require:

Brian

-
- TA Agreement is missing
- Missing KYC's & 2 Pieces of ID for all Directors / Officers
- Reminder that 1 must be Photo ID and the other must contain their current residential address that matches the KYC
- Missing all company documents such as Articles of Incorporation, Bylaws, all Corporate Changes filed with the registry
- Missing the ISIN & CUSIP document issued by CDS (if applicable)

John

- Shareholders List
- Excel received isn't very detailed, there are no details on restrictions or breakdown of amount of physical certificates / DRS's held for each shareholder, this just lists the shareholders name, address and total shares held. We would need a detailed shareholders list with a breakdown of each certificate / DRS held by each shareholder and it would need to detail which are physical certs and which are DRS. We would also need the certified list in PDF from the previous TA.
- Need to know what the different numbers/letters mean in the COMPANY column
- Need to know what the COUNTER column is for

Hi Jim,

Please see attached for the letter which was sent to you in the package couple of weeks ago. The letter details it all.

Please see our notes besides your questions in "**RED**">

John:

Shareholders List:

Excel received isn't very detailed, there are no details on restrictions or breakdown of amount of physical certificates / DRS's held for each shareholder, this just lists the shareholders name, address and total shares held. - **This is the shareholder list which we have given to all of the new Transfer Agents. The details you are looking for are in the Certificate Register files, only available in hard copy, which list all the pertinent details of issue date, certificate numbers, drs numbers, restricted (if any).**

We would need a detailed shareholders list with a breakdown of each certificate / DRS held by each shareholder and it would need to detail which are physical certs and which are DRS. - **This is the hard-copies which was sent to you of each company with the certificate numbers, issue date and any restrictions etc.**

We would also need the certified list in PDF from the previous TA. - **You have all of the history of the old company, Spectra Ventures LTD and currenct Tiger International Resources.**

Need to know what the different numbers/letters mean in the **COMPANY** column - **This is Trans Canada Transfer internal Identification number.**

Need to know what the **COUNTER** column is for: - **The counter is an Identification of good or bad address. This is Trans Canada Transfer internal ID number.**

Thank you.

Regards,

John Martin

Hi John,

I have a few questions in regards to the certified shareholders list and the letter:

- The Stop for Mary Cavanaugh, can you provide more details about this Stop? Why was it put on? What is needed to remove it this was ever clarified? Was there any documentation provided by the issuer for this stop?
- Can you provide more details of the Spectra Venture shares? Why are these shares separated and then being added into the Tiger International shareholders list?
- Can you confirm that the Certificate Master File is only for Physical Certificates? And confirm that the balance between the Certificate Master File and the Shareholders List would be Electronic Shares? If so, do you have the detailed list of Electronic shares only with a breakdown of each electronic issuance like the breakdown currently in the Certificate Master File?

Hi John,

Just a quick amendment to my last question regarding the Certificate Master File and an additional question:

- I see all the shares are listed in the Certificate Master File, I had missed that there was a second column to the right. Can you however advise as to how we can differentiate between physical certificates and book entry from this file?
- Can you provide the date of issuance for all of the Spectra Venture Shares that have been added into the Tiger International list? And were these all marked as book entry, or are there any physical certificates?

Hi John,

Please see below questions::

- As you have stated that all the outstanding shares listed in the Certificate Master Files are physical certificates and none are book entry, can you confirm that all physical certificates for Spectra Ventures were returned and new physical certificates from Tiger International were issued to these shareholders after the split?
- Another question on this, there are shares in CDS, you are saying that the CDS shares are also physical certificates?
- As mentioned in your letter, the shares from Spectra were split in 3 rounded up, what was the effective date of this transaction and the issuance date of these new Tiger shares? The Certificate Master File for Spectra provided contains share numbers and dates from before the split occurred and the Certificate Master File for Tiger contains none of these post split shares. We would need a Certificate Master File that contains the post-split details.

Hi Brian,

I hope all is well!

I was hoping you could give me some clarity on the Spectra transaction, can you explain to me what happened here? Was this some sort of acquisition done by Tiger? If so, do you have copies of the agreements that would show how the share transfers were being handled (i.e. shares exchanged are divided by 3 and issued in Tiger, effective dates, etc.).
